The Leading Edge® (Print ISSN 1070-485X; Online ISSN 1938-3789) is published monthly by the Society of Exploration Geophysicists, 8801 S. Yale Ave., Suite 500, Tulsa, Oklahoma 74137-3575 USA; phone 1-918-497-5500. Periodicals postage paid at Tulsa and additional mailing offices.

Print subscriptions for professional members of the Society in good standing are included in membership dues paid at the World Bank III or World Bank IV rates. Dues for Active and Associate Members for 2018 vary depending on the three-tiered dues structure based on World Bank classification of the member's country of citizenship or primary work residence. Students may purchase print subscriptions by paying a discounted fee during dues renewal or by contacting members@seg.org. Nonmembers may obtain online subscriptions by contacting books@seg.org. Copies of single issues of *The Leading Edge*® may be purchased by inquiry to books@seg.org.

Corporations, universities, and other institutions can purchase access to *The Leading Edge*® via standalone subscriptions or one of several available subscription package options. SEG's subscription pricing features two academic and two corporate tiers, providing affordable access to applied-geophysics content for institutions of any size. SEG subscription packages offer significant savings on the price of single-publication subscriptions. Special pricing is available for organizations with multiple sites and for institutional consortia. For more information on package pricing, including single-site and multisite institutional subscriptions, please contact Patrick Riley at sales@seg.org or 1-918-497-5531. Institutional subscriptions for print delivery are available only with the purchase of a digital subscription. Rates are subject to change without notice. For more information, please visit http://seg.org/Publications/Subscriptions.

Advertising rates for *The Leading Edge*® will be furnished upon request. No advertisement will be accepted for products or services that cannot be demonstrated to be based on accepted principles of the physical sciences. For more information, contact kgamble@seg.org.
