In the final editing of the manuscript an error in the typing of equation (1) occurred. The equation should read:

$$L = \cos^2 \phi - \sin 2(\tau - \phi) \cdot \sin 2\tau \cdot \sin^2 \left(\frac{\Gamma}{\lambda} 180^\circ \right) \quad (1)$$

These corrections are in accordance with the original equations in Bloss (1999). Note that angles are in degrees. The author offers apologies for any inconvenience.
