The Geological Society
The Geological Society of London was founded in 1807. It is the UK national society for geoscience, and the longest established geological society in the world. It was incorporated under Royal Charter in 1825 and is Registered Charity 210161.

As a learned society and professional body, the Geological Society provides a wide range of professional and scientific support to over 12,000 Fellows (FGS), about 2,000 of whom live overseas. Fellowship of the Society is open to those holding a recognized honours degree in geology or a cognate subject, or not less than six years relevant experience in geology or a cognate subject. The Society is the chartering authority able to award Chartered Geologist (CGeol) status to appropriately qualified Fellows with six years relevant postgraduate experience in the practice of geology. The Society also awards the title of Chartered Scientist (CSi). Candidate Fellowship is available to those who do not yet qualify for Fellowship (e.g., students).

The Society has its own Publishing House in Bath, UK. It publishes the Society’s international journals, special publications, books and maps and is the European distributor for publications of the American Association of Petroleum Geologists (AAPG) and the Society for Sedimentary Geology (SEPM). Fellows are entitled to significant discounts on journals, books and special publications. The Society has an online bookshop (http://www.geolsoc.org.uk/bookshop) where books can be purchased online using credit and debit cards.

Further information about the Society and Membership may be obtained from the Geological Society, Burlington House, Piccadilly, London W1J 0BG (email: enquiries@geolsoc.org.uk; tel: +44(0)207 434 9944). More information on the society can be found at http://www.geolsoc.org.uk

Association of Applied Geochemists
The Association of Applied Geochemists is an international organization specializing in the field of exploration and applied geochemistry. Their objectives are to promote the application of geochemistry in relation to exploration and the environment, to foster communication, fellowship and co-operation between those working in, studying or who have an interest in these fields. The AAG newsletter is EXPLORE (quarterly). AAG offers three types of membership: Fellow (voting members); Member (non-voting members); and Student. All three receive the journal Geochemistry: Exploration, Environment, Analysis and the EXPLORE newsletter as part of their membership. Prospective members can obtain membership application forms from the Web Site (http://www.appliedgeochemists.org) or from Al Arseneault at the AAG Business Office, P.O. Box 26099, 72 Robertson Rd, Nepean, ON, Canada K2H 9R0. Tel: 613-828-0199; Fax: 613-828-9288; E-mail: office@appliedgeochemists.org. Annual dues are $110.00. Student members pay annual dues of $10.00. The Business Office should be notified of any change of address.

Submission procedure: Manuscripts should be prepared as outlined here: https://www.geolsoc.org.uk/geea_authorinfo
All submissions to the journal should be made online via www.editorialmanager.com/geochem

BECOME A FELLOW

✓ Be part of 12,000 plus Earth Science Community
✓ Reduced rates for conference and events
✓ Fellow’s printed monthly magazine delivered to you
✓ Free online access to one of the Society’s journals
✓ Up to 50% discounts on books and special publications
✓ Access to our extensive geological library in person or remotely
✓ Networking Opportunities
✓ Route to CHARTERSHIP

For more information about membership and how to apply visit: www.geolsoc.org.uk/membership
