GEOSPHERE is an online-only journal that targets an international audience and publishes high-quality research results from all fields of the geosciences. It particularly seeks papers that take advantage of the electronic format.

GEOSPHERE (ISSN 1553-040X) is published bi-monthly by The Geological Society of America, Inc. (GSA), with offices at 3300 Penrose Place, Boulder, Colorado. Mailing address is P.O. Box 9140, Boulder, CO 80301-9140, USA.

In January 2018, *Geosphere* became an open access journal, and all papers published from January 2018 on are published under either the Creative Commons license CC-BY-NC or CC-BY (<https://creativecommons.org/>).

Papers published before January 2018 are freely accessible online, but copyright may apply. If you want to use material from *Geosphere*, please check the paper for its copyright or Creative Commons status. The following may apply to pre-2018 material: All rights reserved. Copyright not claimed on content prepared wholly by U.S. government employees within the scope of their employment. Individual scientists are hereby granted permission, without fees or further requests to GSA, to use a single figure, a single table, and/or a brief paragraph of text in other subsequent works and to make unlimited photocopies of items in this journal for noncommercial use in classrooms to further education and science. In addition, an author has the right to use his or her article or a portion of the article in a thesis or dissertation without requesting permission from GSA, provided the bibliographic citation and the GSA copyright credit line are given on the appropriate pages. For any other form of capture, reproduction, and/or distribution of any item in this journal by any means, contact Permissions, GSA, P.O. Box 9140, Boulder, CO 80301-9140, USA, fax +1.303.357.1073, [editing@geosociety.org](mailto:editing@geosociety.org); reference *Geosphere*, ISSN 1553-040X.

GSA provides this and other forums for the presentation of diverse opinions and positions by scientists worldwide, regardless of their race, citizenship, gender, religion, or political viewpoint. Opinions presented in this publication do not reflect official positions of the Society.
