ARTICLES

An Editor’s Farewell 641
John E. Ebel

Uncertainties in Seismic Hazard Maps for the New Madrid Seismic Zone and Implications for Seismic Hazard Communication 647
Andrew Newman, John Schneider, Seth Stein, and Andres Mendez

The New Madrid Seismic Zone: Capturing Variability in Seismic Hazard Analyses 664
Chris H. Cramer

Co-, Post- and Pre(?)-seismic Displacements Associated with the Mw 8.4 Southern Peru Earthquake of 23 June 2001 from Continuous GPS Measurements 673
J. C. Ruegg, M. Olcay, and D. Lazo

Diizce, Turkey: A City Hit by Two Major Earthquakes in 1999 within Three Months 679
Haluk Sucuoğlu and Tolga Yılmaz

Egill Hauksson, Patrick Small, Katrin Hafner, Robert Busby, Robert Clayton, James Goltz, Tom Heaton, Kate Hutton, Hiroo Kanamori, Jascha Polet, and Doug Given, Lucile M. Jones, and David Wald

The Southern California Earthquake Data Center (SCEDC) 705
Katrin Hafner and Robert W. Clayton

Napoleon’s Earthquake: The Seismicity of St. Helena 712
R. M. W. Musson and D. N. Holt

SSA 2001 Annual Meeting Minutes and Reports 725

SSA 2002 Annual Meeting 739

OPINION 639
Jeroen Tromp

NEWS & NOTES 642

- Rapid Earthquake Notification Services
- ORFEUS Electronic Newsletter
- New "RELM" Web Site
- First Public Quake Alarm
- Southern California GPS Network
- New Observatory Strengthens Monitoring of Yellowstone
- Post-Nisqually Earthquake Survey of Losses and Lessons
- Nisqually Earthquake Recovery Tops $129 Million
- Groat to Continue as USGS Director
- Linbeck Distinguished Lecture Series
- ROSRINE: Recent News
- Ethical Issues in Earthquake Engineering
- IDA MK7 Data Logger Problem Discovered
- PEER Center Newsletter Subscription Changes
- Giant Jump
