SSA publishes two journals: *The Bulletin of the Seismological Society of America (BSSA)* and *Seismological Research Letters (SRL).* Both of these journals are available in electronic form to SSA members. In addition, some membership options include the print version of one or both journals. All members are entitled to meeting and print journal discounts.

**SSA Membership**
All memberships include online access to both *BSSA* and *SRL.*

- □ Regular membership with print *BSSA* and print *SRL*: $165 inside the United States; $205 outside the United States  
- □ Regular membership with just print *SRL*: $120 inside the United States; $130 outside the United States  
- □ Regular membership with only electronic journals: $100 all countries  
- □ Student membership (all electronic, must have current student I.D.): $25  
- □ Student membership (print *SRL* and electronic *BSSA*, must have current student I.D.): $45 inside the United States; $55 outside the United States  
- □ Developing country (all electronic, must reside in country not listed as high-income by the World Bank): $45  
- □ EERI Affiliated membership $65  
- □ Eastern Section membership $10  

**Print Journal Shipping Options**

Seismological Research Letters

Seismological Research Letters (SRL) is published bimonthly by the Seismological Society of America. SRL is a unique journal—the first to serve as a general forum for informal communication among seismologists, as well as between seismologists and those nonspecialists interested in seismology and related disciplines.

The contents of SRL include contributed articles on topics of broad seismological and earthquake engineering interest, opinion pieces on current seismological topics, news and notes about seismology and seismologists throughout the U.S. and internationally, special earthquake reports, the Electronic Seismologist column, strong-motion network reports, equipment news, and letters to the editor. A special section in SRL for the Eastern Section of the Seismological Society of America focuses on eastern North American seismology. Abstracts of papers to be presented at the Annual Meeting of the Seismological Society of America and the annual meeting of the SSA Eastern Section also appear in SRL.

New for 2016! Through a pilot program with GeoScience World, SRL is available to individual institutional subscribers online beginning in 2016.

The 2016 subscription rate for institutions within the United States is $170; for institutions outside the United States the rate is $190 except for India, which is $225. Subscription rates include normal shipping. There is an additional charge for priority shipping. The price for an electronic-only subscription to SRL is $160.

To find out more information and to subscribe, please visit www.seismosoc.org

Note: Subscribers to both SRL and our sister publication Bulletin of the Seismological Society of America (BSSA) are eligible for a combined discounted rate if both are ordered together.

*For institutions and other nonmembers
PERMISSION TO REPRODUCE MATERIAL FROM SRL

The Seismological Society of America (SSA) no longer requires that permission be obtained from SSA or the author(s) for the use of tables, figures, or short extracts of papers published in SSA journals, provided that the source be appropriately and accurately cited. The author’s permission must be obtained for modifying the material in any way beyond simple redrawing, however.

SSA recommends that the credit line read “authors, article title, journal title, volume number, page number(s), year, © Seismological Society of America.”

SSA does require that the article be published by SSA before any material may be reproduced therefrom.

BACK ISSUES AVAILABLE

Back issues of volumes 66 to date of SRL are still available. Limited quantities of issues of volumes before 66 are also available. Issues from volumes 66 to 72 are $10 each, except for 68:1 ($25 each) and 68:4 ($20 each). Issues from volumes 73 and 74 are $15 each, except for 73:5 and 74:5, which are $25 each. Issues from volume 75 forward are $20 each. Available issues from volumes before 66 are $15 each, except for issue 58:4, which is $25. Orders should be sent to the Seismological Society of America, 400 Evelyn Avenue, Suite 201, Albany, California 94706. For more information, visit http://www.seismosoc.org/publications/orders/srl-back-issue.php.
