Table of Contents
March 2001, Vol. 20, No. 3

242 . . . . . . Acquisition/Processing—GPR studies of pyroclastic deposits: Subsurface information where there are no outcrops, B. Cagnoli and T. Ulrych

252 . . . . . . Geologic Column—Carbonate platforms: Exploration- and production-scale insight from modern analogs in the Bahamas, G. M. Grammer, P. M. Harris, and G. P. Eberli

329 . . . . . . Round Table—More views about the future of SEG

331 . . . . . . SEG/SPG International Symposium on Reservoir Geophysics, Z. Wang

Special Section:

269 . . . . . . An introduction to this special section, A. Francis and W. Pennington

270 . . . . . . 4-D seismic in a complex fluvial reservoir: The Snorre feasibility study, P. Smith, J. Berg, S. Eidsvig, J. Magnus, F. Verhelst, and J. Helgesen

278 . . . . . . Integration of time-lapse seismic and production data in a Gulf of Mexico gas field, X. Huang, R. Will, M. Khan, and L. Stanley

290 . . . . . . Seismic response of Gulf of Mexico reservoir rocks with variations in pressure and water saturation, R. H. Merkel, R. D. Barree, and G. Towle

300 . . . . . . Time-lapse monitoring of immiscible fluid-flow models, D. H. Sherlock, J. McKenna, and B. J. Evans

308 . . . . . . Geostatistical integration of rock physics, seismic amplitudes, and geologic models in North Sea turbidite systems, J. Caers, P. Avseth, and T. Mukerji

313 . . . . . . Statistical rock physics: Combining rock physics, information theory, and geostatistics to reduce uncertainty in seismic reservoir characterization, T. Mukerji, P. Avseth, G. Mavko, I. Takahashi, and E. F. González

320 . . . . . . AVO inversion, Part 1: Isolating rock property contrasts, M. Kelly, C. Skidmore, and D. Ford

On the cover: Auguste Rodin’s “The Thinker” ponders figures from this month’s special section.

THE LEADING EDGE (ISSN 1070-485X) is published monthly by the Society of Exploration Geophysicists, 8801 S. Yale, Tulsa, Oklahoma 74137 USA; phone 1-918-497-5500. Periodicals postage paid at Tulsa, Oklahoma, and additional mailing offices. Subscriptions for all members of the Society in good standing are $10 per year which is included in membership dues. Dues for 2001 Active and Associate Members are $70. Dues for Student Members are $17.50. Dues are subject to change. Subscriptions are $70 per year in the United States and $70 plus $15 postage per year outside the U.S.A. Rates are subject to change without notice. Single copy price is $7. Postage rates are available from the business office. Advertising rates will be furnished upon request. No advertisement will be accepted for products or services which cannot be demonstrated to be based on accepted principles of the physical sciences. Statements of fact and opinion are made on the responsibility of the authors alone and do not imply an opinion on the part of the officers or members of SEG. Unsolicited manuscripts and materials will not be returned unless accompanied by a self-addressed, stamped envelope. Copyright 2001 by the Society of Exploration Geophysicists. Material may not be reproduced without written permission. Printed in U.S.A.
