126 . . . Interpreter's Corner—Application of multi-attribute analysis in mapping lithology and porosity in the Pematang-Sihapas groups of Central Sumatra Basin, Indonesia, S. Sukmono

134 . . . Round Table—Comments on 'Resistivity-velocity transforms revisited,' K. C. Ikwuakor

138 . . . Seismos—Starry, starry night, C. L. Liner

142 . . . Porosity and lithologic estimation using rock physics and multiattribute transforms in Balcon Field, Colombia, J. E. Calderon and J. Castagna

152 . . . Direct seismic indicators of gas hydrates in the Walker Ridge and Green Canyon areas, deepwater Gulf of Mexico, W. Wei-Huu Kou, M. A. Smith, A. Ahmed, and R. Kuzela

159 . . . Introduction to this special section: Lower 48, R. Miller and S. Hill

160 . . . Let’s get cracking, T. L. Davis

162 . . . Developing new 3D seismic fracture interpretation methods for tight gas reservoirs, J. J. Reeves

172 . . . The next ten years in the Rockies: Oil and gas prices, technology, and politics, R. Bridges

176 . . . Acquisition of small surgical 3D seismic surveys in urban areas within the Fort Worth Basin, T. D. Bowman, W. Woodside, and S. Culpepper

180 . . . A comparison between conventional and distributed acquisition induced polarization surveys for gold exploration in Nevada, M. Goldie

238 . . . GAC Spotlight—S. Chopra

Special section: Lower 48

159 . . . Introduction to this special section: Lower 48, R. Miller and S. Hill

160 . . . Let’s get cracking, T. L. Davis

162 . . . Developing new 3D seismic fracture interpretation methods for tight gas reservoirs, J. J. Reeves

202 . . . Presidential Address: Our expanding sphere—grand challenges for planet Earth and for SEG, T. Young

210 . . . Student perspective: SEG cares, J. Behura

218 . . . Interpreter Sam attends the Annual Meeting, D. Herron

222 . . . Oil and gas business opportunities in Indonesia, E. Widianto

228 . . . Citations, S. Zinke
