

- 1139..... *Annual Meeting Preview—Imaging our future in Denver*, D. Clark
- 1168..... *Governance reform key to successful future*, S. Hill and K. Koster
- 1170..... *Proposed Bylaws*
- Special section: Seismic interpretation**
- 1018..... *Introduction to this special section: Seismic interpretation*, S. Chopra and D. Herron
- 1020..... *Nonstationary phase estimation: A tool for seismic interpretation?*, M. van der Baan, S. Fomel, and M. Perz
- 1028..... *Well-to-seismic tie method in complex imaging areas: Examples in the deep offshore subsalt Angola domain*, V. Martin, D. Neto, C. Cheyron, P. Thore, and A. Paré
- 1040..... *Stratal slicing: Benefits and challenges*, H. Zeng
- 1048..... *The horizon cube: A step-change in seismic interpretation!*, P. de Groot, A. Huck, G. de Bruin, N. Hemstra, and J. Bedford
- 1056..... *Geometric attributes for seismic stratigraphic interpretation*, T. van Hoek, S. Gesbert, and J. Pickens
- 1066..... *Tracking regional seals: A novel sub-basin-scale seismic attribute*, G. Guerra and M. Poupon
- 1072..... *Acoustic impedance as a sequence stratigraphic tool in structurally complex deepwater settings*, A. Contreras and R. Latimer
- 1084..... *Generation of sea-level curves from depositional pattern as seen through seismic attributes-seismic geomorphology analysis of an MTC-rich shallow sediment column, northern Gulf of Mexico*, S. Sarkar, K. Marfurt, and R. Slatt
- 1092..... *Integration of coherence and volumetric curvature images*, S. Chopra and K. Marfurt
- 1108..... *P- and S-wave delineation of the Horseshoe Atoll, Diamond-M Field, West Texas*, C. Russian, R. Perez, K. Marfurt, O. Davogustto, H. Alzahrani, and A. Small
- 1116..... *Seismic texture analysis for reservoir prediction and characterization*, M. Yenugu, K. Marfurt, and S. Matson
- 1122..... *Quantitative estimate of fracture density variations in the Nordegg with azimuthal AVO and curvature: A case study*, L. Hunt, S. Reynolds, T. Brown, S. Hadley, J. Downton, and S. Chopra
