**Table of Contents**

### Special section: Offshore geophysical applications/OTC

314...... Introduction to this special section: Offshore geophysical applications/OTC, A. Dev and C. Torres-Verdin

316...... Marine broadband technology: History and remaining challenges from an end-user perspective, J. M. Reilly

323...... Image-ray concept as the key to 20 years of success of time-to-depth conversion in Petrobras, E. Filpo, R. Portugal, N. Zago, P. M. Cunha, A. Vicentini, and J. L. Carbonesi

330...... Causes and deterrent of SWF in deep water of Mississippi prodelta areas, S. S. Shaker

336...... A hiccup, but offshore technology continues moving forward at OTC 2016, J. Kreamer

338...... Unbiased AVO crossplotting?, C. P. Ross

345...... Geophysical investigation of a Middle Holocene archaeological site along the Yukon River, Alaska, T. M. Urban, J. Rasic, I. Buvit, R. W. Jacob, J. Richie, S. Hackenberger, S. Hanson, W. Ritz, E. Wakeland, and S. W. Manning

350...... 3D mapping with MASW, P. J. Hutchinson and M. H. Beird

354...... Broadband acquisition, deblending, and imaging employing dispersed source arrays, C. Tsingas, Y. S. Kim, and J. Yoo

362...... The finite-difference method in microseismic modeling: Fundamentals, implementation, and applications, J. Hobro, M. Williams, and J. Le Calvez

367...... Geophysical Tutorial: The function of interpolation, M. Hall

370...... Technology Leaders Interview Series: Superior information through data integration, S. Brown
